### Safe harbor statement

This news release may contain "forward-looking" statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "anticipate," "believe," "estimate," "expect," "forecast," "intend," "may," "plan," "project," "predict," "should," and "will" and similar expressions. These forward looking statements are based upon management's current views and expectations with respect to future events and are not a guarantee of future performance. Furthermore, these statements are, by their nature, subject to a number of risks and uncertainties that could cause actual performance and results to differ materially from those discussed in the forward-looking statements as a result of a number of factors. Such factors include the number of new radiotherapy and diagnostic imaging centers opened; the increase in the number of patients in existing centers; the establishment of specialty cancer hospitals; changes in the healthcare industry in China, including changes in the healthcare policies and regulations of the PRC government; technological or therapeutic changes affecting the field of cancer treatment and diagnostic imaging; and possible effects on consumers and hospitals, hospital construction, and suppliers, as a result of inflation and the Chinese government's policies and actions to control inflation. Further information regarding these and other risks is included in the Company's filings with the U.S. Securities and Exchange Commission at [www.sec.gov](http://www.sec.gov). The Company does not assume any obligation to update any forward-looking statement, except as required by law.
