Concord Medical Announces Share Repurchase Program

BEIJING, June 30, 2010 — Concord Medical Services Holdings Limited (“Concord Medical” or the “Company”) (NYSE: CCM), operator of the largest network of radiotherapy and diagnostic imaging centers in China, today announced that its board of directors approved a share repurchase program, effective immediately.

Under the program, Concord Medical is authorized to repurchase up to US\$20 million worth of outstanding American depository shares (“ADSs”) from time to time depending on market conditions and other factors as well as subject to relevant rules under United States securities regulations. The share repurchase program will be funded with the Company’s available working capital. As of March 31, 2010, the Company had approximately 49.2 million ADSs outstanding and cash of approximately RMB993.6 million, or \$145.6 million¹.

About Concord Medical

Concord Medical operates the largest network of radiotherapy and diagnostic imaging centers in China in terms of revenues and the total number of centers in operation per available statistics. The Company currently operates a network of more than 89 centers spanning 37 cities and 21 provinces and administrative regions in China. Under long-term arrangements with top-tier hospitals in China, the Company provides radiotherapy and diagnostic imaging equipments and manages the daily operations of these centers located on its hospital partners’ premises. The Company also provides ongoing training to doctors and other medical personnel in its network of centers to ensure a high level of clinical care for patients.

Safe Harbor Statement

This press release contains forward-looking statements. These statements constitute “forward-looking” statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “project,” “predict,” “should” and “will” and similar expressions. These forward looking statements are based upon management’s current views and expectations with respect to future events and are not a guarantee of future performance. Furthermore, these statements are, by their nature, subject to a number of risks and uncertainties that could cause actual performance and results to differ materially from those discussed in the forward-looking statements as a result of a number of factors. Such factors include: the number of new radiotherapy and diagnostic imaging centers opened; the increase in the number of patients in existing centers; the establishment of specialty cancer hospitals; changes in the healthcare industry in China, including changes in the healthcare policies and regulations of the PRC government; and technological or
